With a team of specialized employees and presence throughout the Saudi Market, TABBAA uses its experience for continuous improvement in bringing the latest technologies to clients, meeting expectations and fulfilling project needs. The carefully balanced combination of knowledge of the Saudi market requirements and conditions, the innovative approach to solve the Equation of the best quality at the lowest possible price, through the adaptation of our capabilities, expertise and experience of our International partners.

Our enterprises strives to create, enhance, and protect the business environment of its clients by offering pioneering ideas based on the creative solutions to Increase the return on long-term of real estate investment.

We consider our clients to be the most valuable of assets.

Diaa Al-Tabbaa

## VALUE

Our values serve as a compass for our actions and describe how we behave in the world.

**Integrity:** Be real.

**Accountability:** If it is to be, it's up to me.

**Passion:** Committed in heart and mind.

**Collaboration:** Leverage collective genius.

**Quality:** What we do, we do well.

## MISSION

Our mission declares our purpose as a company and serves as the standard against which we weigh our actions and decisions.

- To provide quality and cutting edge designs and technology
- To promote projects and innovativeness
- To induce inspiration and creativity
- To create value and make a difference

## VISION

Our vision serves as the framework for our roadmap and guides every aspect of our business by describing what we need to accomplish in order to continue achieving sustainable and quality growth.

**People:** Be a great place to work where people are inspired to grow personally and professionally and be the best they can be.

**Portfolio:** Bring to the Saudi market a portfolio of high-quality products and systems that anticipate and satisfy projects aspects and needs.

**Productivity:** Be a highly effective, customer oriented and technically advanced organization.

**Partners:** Nature a winning, professional network of consultants and contractors; together we build mutual enduring value and solutions to serve end-customers.

KITCHENS

The Story of the kitchen is also the story of our company. From the kitchen buffet to the "reform kitchen" style to the unit furniture kitchen to the first custom-fitted kitchen to the new furnishing concepts that accommodate the desire for openness, spaciousness and individuality. Since our company was founded, we have produced first-class kitchen furnishings and nothing else. We remain true to ourselves and true to others as well.

# SieMatic

SieMatic Möbelwerke is a cabinet manufacturer based in Löhne, Germany, specializing in luxury kitchen cabinets. SieMatic is recognized as one of the leading international brand names in kitchen design, known in more than 50 countries worldwide. The brand SieMatic originates from the furniture company founded by August Siekmann in 1929. The first SieMatic kitchen was considered to be unique in design, function, materials and fittings, The SieMatic 606 was the first kitchen to have an integrated strip handle.

# Veneta Cucine

Veneta Cucine has been awarded ISO 9001 certification issued by the prestigious Tuv institute of Germany, which shows that our organizational and production procedures comply with the quality standards of an increasingly demanding market. The company has also obtained ISO 14001 certification, thus demonstrating its commitment to environmental preservation and the correct use of natural resources.

## QUALITY AND DESIGN

Exigent customers, brought to you by one of the most renowned Italian stainless steel sinks manufacturers

CM stainless steel sink since 40 years alongside the leaders.

CM produces stainless steel kitchen sinks and taps since 1967.

Leader through stainless steel sink manufacturers, CM SpA is located in the historical seat of Cartigliano (VI), where now it has to add a second production unit, to cope with an ever greater commitment in terms of quantity and quality of the range.

A partner always and even more reliable, for the best known and important Italian companies producing kitchens, which provide CM a stable control of a very considerable home-market share, while foreign markets absorb about half of the production, through manufacturers and distributors of similar worldwide prestige.

CE and Inox Centre certify the quality of products and the exclusive use of stainless steel AISI 304 1810/

## SATIN

Stainless versatility and functionality:

Matt but shining, satin stainless keeps for years, unchanged, its values of elegance, hygiene and resistance to scratches and to the wear of the everyday use.
